

For Immediate Release

IMAGINiT Technologies Earns Autodesk BIM 360 Authorization in U.S. and Canada

*Authorization Demonstrates Expertise Across Every Stage of the Building
Cycle*

OWINGS MILLS, MD – May 25, 2017 – [Rand Worldwide](#) (OTCBB: RWWI), a global leader in providing technology solutions to organizations with engineering design and information technology requirements, today announced that its [IMAGINiT Technologies](#) division has earned [BIM 360](#) authorization from Autodesk.

“We’re thrilled to have validation from Autodesk that our talented team of building design experts in the U.S. and Canada have demonstrated excellence around the BIM 360 products and as such have received BIM 360 authorization,” says Tim Johnson, senior vice president, IMAGINiT Technologies. “IMAGINiT’s strategic approach to BIM always focused on the entire building lifecycle, but with the addition of Autodesk’s BIM 360 tools we are better armed to help general contractors and construction companies mitigate the risks of both time and cost overruns. Whether it’s the design, construction or facility management phase of the building lifecycle, IMAGINiT’s expert team is well positioned to solve our customers’ toughest challenges.”

As an Autodesk Platinum Partner, IMAGINiT has in-depth experience with Autodesk model-based design, collaboration and project management software. Combine this expertise with IMAGINiT’s proprietary Scan to BIM and Clarity software, and AEC customers receive valuable insights at every stage of the building lifecycle providing them with an unrivalled competitive advantage.

For more information on how BIM 360 can help your firm collaborate and coordinate, accelerate delivery schedules and routine tasks, visit www.imaginit.com or talk to an IMAGINiT expert at 1-800-356-9050.

About IMAGINiT Technologies

[IMAGINiT Technologies](#), a division of [Rand Worldwide](#), advances the way architects and engineers design, develop, and manage projects. Customers of this leading professional services and technology company include organizations in the building, infrastructure, manufacturing and facilities management industries. Organizations of all sizes work with IMAGINiT Technologies to gain competitive advantages through expert technology consulting, implementation, training, and support services. As one of the world’s largest integrators of Autodesk 3D design and engineering software, the team leverages unrivalled industry experience to design systems that accelerate innovation while improving project quality and profitability.
